

Hygiene and Infection Protection Concept FEQHA

Organizational details

- The applicable official hygiene and infection protection regulations of the Bavarian Infection Protection Measures Ordinance must be observed.
- Visitors are unfortunately not permitted under the Bavarian Infection Prevention Measures Ordinance.
- Two accompanying persons are allowed per participant. These must be indicated on the contact form (see www.ecqh.eu). The contact form must be handed in at the access control upon arrival in Kreuth. Please fill out the form already at home to avoid waiting times at the access checkpoint.
- By handing in the contact form, the participant receives wristbands for himself and his maximum of two accompanying persons. The wristband has to be worn every day, because it entitles to stay on the show area. Persons without a wristband must leave the show area immediately.
- Sufficient washing facilities, liquid soap and disposable towels will be provided in the toilets.
- Camping is permitted. The camping vehicles must be parked in such a way that the minimum distance between persons can be maintained. Showers may not be opened at the moment.
- Only three persons can enter the registration office at the same time. They must wear face masks.
- Publications and announcements, such as entry and result lists, are made by the show office exclusively digitally on the ECQH homepage.
- To minimize the distances, please park directly at the respective barn wing where your reserved boxes are located.
- The given stall division is to be kept strictly, especially empty stalls are to be kept as such.
- The recommendation of the BRV is to limit the number of horses to one horse per 100 sqm. The following maximum occupancy of the in- and outdoor arenas are derived from this recommendation:
 - Ostbayernhalle: max. 30 horses
 - Veranstaltungshalle, training arena: max. 20 horses
 - Stadium: max. 50 horses
 - Large outdoor arenas: max. 20 horses, with the smaller outdoor arenas correspondingly less

- The maximum number of persons (riders, accompanying persons, staff) allowed to enter the indoor arena at the same time is 100. Spectators have no access.
- The FEQHA also provides information on general and specific hygiene regulations through notices and leaflets.

Legal information

- The FEQHA has developed this protection and hygiene concept for its events on the basis of current regulations, frame hygiene concepts and protection and hygiene standards.
- Hygiene concepts concerning Covid-19 were developed. Strict keeping of this concept is the condition for the execution of the event.
- The resulting obligations are also obligatory for the participants of the event and their accompanying persons due to the official regulations. Violations of these obligations not only jeopardize further participation in the event, but may jeopardize the entire event. The compliance with these regulations is not only monitored by us, but also by the authorities, especially by the police. Violations will result in legal and police measures and exclusion from the show.
- Facilitations/relaxations will of course be passed on, as far as organizationally possible. Should further restrictions be ordered by the authorities, these must be strictly implemented, even if they restrict the rights of the show participants and accompanying persons or even lead to a cancellation of the event.
- If the event cannot take place due to official decisions, the FEQHA is not liable for damages, no matter on what legal grounds. If the event is cancelled by official decision, FEQHA will try to refund already paid entry fees after deduction of all obligations entered into in connection with the event. The amount of the refund is at the discretion of the FEQHA board and is final.
- Should the event be cancelled due to official decisions, the above regulations regarding compensation and refund of entry fees apply. Should the event be cancelled due to the incorrect behaviour or non-compliance with the hygiene and safety regulations of individual participants or their accompanying persons, FEQHA reserves the right to take recourse to these participants or accompanying persons in the event of any damage or claims for compensation and to assert these damages through legal action.

Declaration of consent of the participants of the event

- The competitors and their accompanying persons expressly declare that they have been informed, read and understood, and that they assume full and sole liability for compliance with the following conditions:
 1. Excluded from the stay in the entire tournament and event area:
 - persons with unspecific general symptoms and respiratory symptoms of any severity
 - Persons with symptoms of acute respiratory illness of any severity or fever
 - Persons with contact to COVID-19 cases in the last 14 days
 2. If users of the tournament area develop symptoms during their stay, such as fever or respiratory problems typical for COVID-19, they must leave the tournament area immediately.
 3. The general rule of 1,5m distance has to be kept.
 4. Regular hand hygiene, especially the cleaning of the hands with soap and running water is necessary.
 5. Enclosed premises (show office, gastronomy, sanitary facilities etc.) and especially when crossing "narrow places" such as entrance areas, corridors etc., a suitable mouth and nose cover must always be worn.
 6. All persons have to bring along a sufficient number of mouth-nose covers, so that individual hygiene is possible during the whole event.
 7. All given possibilities for ventilation of all rooms are to be used.
 8. The instructions of the FEQHA staff and representatives of the authorities are to be followed at all times.
 9. The householder's rights are to be used consistently against persons who do not comply with the regulations.
 10. The valid Bavarian Hygiene Protection Ordinance shall be observed. Details see <https://www.stmgp.bayern.de/coronavirus/rechtsgrundlagen/>.

- With the entry the above mentioned rules are accepted by the participant as well as by the accompanying persons.
